

INDUSTRY PROFILE

Accommodation and Food Services

NAICS 72

The Accommodation and Food Services sector comprises 7.8 percent of all Utah employment. It has an average monthly wage of \$985, only 37 percent of the statewide average for all industries. A portion of this low-wage disparity is attributed to the large amount of part-time employment in this industry. Another factor is a high proportion of wages earned that are generated through tips, which are not completely captured in tax reporting.
